Hon. Chas. M. Stedman will address the people on the issues of the day at the following times and places: Salisbury, Wednesday, October 17; Lexington, Wednesday, October 17; Greensboro Thursday, Oct. 18; Winston, Saturday, Oct. 20th.

Gov. Seales will speak at Walnut Cove on Monday Oct. 22. Mt. Airy Oct. 23. Yadkinville Nov. 3d and Jamestown Nov. 5. Hon. Geo. W. Sanderlin will be with Gov. Seales at Yadkinville and Jamestown.

—The State Fair opened in Raleigh Tuesday. The display promises to be a fine one.

—Mr. Thurman's letter of acceptance of the candidacy of Vice President of the United States is published. He discusses principally the tariff and taxation. We will publish it next week, our columns being pre-occupied this week.

Senator Vance made a telling speech at Charlotte, on Saturday night, to a large crowd, from a platform in Independence Square. It was a powerful exposition of the tariff question, and made a lasting impression on all who heard him.

The State campaign, particularly in the West, is highly gratifying to Democracy. Mr. Kitchen is handling Dockery and Co. with gloves off. With Kitchen, Sanderlin, Vance, Seales, and other speakers in the West; Fowle, Robbins, Strudwick, Davidson, Steadman, and others in the East, the State has been thoroughly aroused, and the prospects for victory are bright for the Democrats all along the line.

Nevertheless, let every one work with a will and urge all his friends to vote. Don't forget it, Register and Vote.

Sherman has written a red hot campaign letter about the display of the Confederate flag at the unveiling of the Gen. Pickett monument at Richmond, last week. It was the flag Pickett fought and died under, and though furling forever as a national emblem, it was never disgraced, and its occasional display can never insult a true soldier. The Pennsylvania veterans understood the occasion, and they came to the Virginia capital in honor of a brave soldier. Certain politicians only seem to become nervous over the Confederate flag, but the days are over for the masses to become excited over such campaign political clap trap.

A significant feature in the Republican Campaign, north, is the frequent misunderstandings with the managers of the campaign committees. Quay was mad at Blaine; Harrison talked too much at first; The millionaire campaign contributors wanted to direct its distribution, and now Senator Ingalls gets after Chairman Quay for general mismanagement, although he claims a good republican prospect. Straws indicate which way the wind blows.

The damage done by the recent gale in Japan is worse than first reported. The rice fields were under water, bridges were carried away, 2,347 houses were destroyed, 150 persons killed or drowned and fully one hundred more injured.

Annual Report of the Internal Improvement Committee of the Winston-Salem Chamber of Commerce.

WINSTON, N. C., Oct. 8, 1888.

To the Chamber of Commerce—Gentlemen: Remembering the hard and earnest work, the great anxiety and contests we have gone through during the past three years it is with untold pleasure that we make this our annual report.

When the Chamber was organized and this committee appointed, Oct. 1885, we were without an organization looking to the protection and developing our interests as a community. One railroad was being built through our territory and other lines were talked of that if built would sweep our trade and take from us our best territory. This chamber has been advised from time to time of the work of the committee and it is only necessary now to report on the various enterprises which have been worked up through the Chamber of Commerce.

N. W. N. C. R. R.—WINSTON-WILKESBORO EXTENSION.

The grading on this road is nearly completed to Rural Hall and a construction trap is running on the line, and within the next 60 days we expect the cars to be running regularly to Rural Hall where they will make connection with the trains on the C. F. & Y. V. R. R. for Mt. Airy.

It is useless for this committee to enumerate the advantages of this connection to Winston and Salem. It gives us an air line to Mt. Airy and makes the distance from Greensboro via Winston-Salem, to Mt. Airy only about one mile greater than from Greensboro to Mt. Airy, via the C. F. & Y. V. R. R. A large force of labor is now at work between Rural Hall and the Yadkin river and in 16 months we expect that the cars will be running to that point by the 1st of 1889.

About six miles of road has been graded in Wilkes county and we feel assured that Wilkes county will grant the extension of time (18 months) asked for by the company and if they do the road will certainly be built to Wilkesboro, and if they do not it will be built to Fish River or Ekin.

ROANOKE & SOUTHERN.

The Va. & N. C. Construction Company, a home company, have taken the contract to build the section of this road from Salem Winston to Martinsville, Va., a distance of 60 miles; 14 miles on the Martinsville and 46 on this end and have been let out to contractors and much of the work has already been done and we expect to see cars running on this road yet this year. We have great confidence in the management and financial ability of the Va. & N. C. Construction Company and feel assured that the company will complete the road to Martinsville next year, and then be able to take the contract before the option expires, to build the section of the road between Martinsville and Roanoke, Va., thus opening a North and South line that will revolutionize both travel and freight and put our towns in an enviable position.

NORTH CAROLINA MIDLAND RAILROAD.

It will be remembered that in making the contract for the extension of North-western North Carolina Railroad it was part of the same agreement that the section of the North Carolina Midland from Winston-Salem to Mocksville was to be built and that the private subscriptions be paid in installments as the work progressed. And the corporate subscription of Winston has been paid soon as the cars have crossed Yadkin River, interest to commence from date of delivery of the bonds. The contract for building this road has not been signed but is now being prepared and is all agreed upon, so that work will be commenced in a few days. The Penitentiary authorities have agreed to do the work with convict labor.

These three roads mentioned are assured facts and they enable us to utilize the whole of the C. F. & Y. V. Road besides opening up much new and valuable territory to us. We are glad that our towns and Fourth county are now absolutely safe so far as rail roads are concerned. Yet we are not content to let matters stand still for a moment. We recognize the fact that our towns have more of the element of greatness in them than any towns in the State. Our varied manufacturing interests, capital, business ability and our conservatism combined with our natural advantages demand that we make of our towns the largest city in North Carolina and we will not have measured up to the full standard of men unless we do it.

This committee has been working to have the N. W. N. C. R. R. extended from Wilkesboro to Curtis Depot on the E. T. & G. R. R., a distance of about 100 miles. This connection with the line of road being built from Raleigh to Norfolk would make the N. W. N. C. R. R. the great through line from the Southwest.

We are also negotiating for the building of a line from Winston-Salem to High Point, to connect with the line now being built from that place to Randleman and Ashboro and for a branch line from Rural Hall to Westfield in the heart of the fine tobacco section of the north part of the State. We have assurances that if we will grade and cross tie these two lines the R. & D. R. R. will iron, equip and run them in the interest of our section. We would have about 16 miles to build on the High Point road and it would cost us, estimated, about \$65,000. The Westfield road would be about 20 miles long and cost about \$60,000 one half of which Westfield community will agree to pay. The two roads will cost us about \$100,000 in Winston township bonds. These roads would be of vast importance to us and we ask the Chamber to carefully consider the importance of building them.

GOING SOUTH.

We have hopes that a road from Reidsville to Kernersville will be built and that the N. C. Midland will be extended from Mocksville to Mooresville and thus put us on the main independent link of the R. & D. from the North to South.

R. & S. CONNECTION.

The citizens of Thomastown and other points along the line are seeing what can be done to build this line from Salem to Wadesboro or Rockingham either of which would give us a good Southern connection.

We commend all these matters to the Chamber and to the Committee on Internal Improvements that is to succeed us and we also recommend to the chamber the appointment of the following Special Committees:

Committee on Hotel.
Committee on Market House.
Committee on Public Roads.
Committee on Public Parks.

Our Committee has had these matters under consideration but have not had the time to give them the thought and attention their importance demands and the only recommendation we make is that they be referred to properly selected committees. It will be observed by examining the treasurer's report that this Committee has presented no bills for traveling or other expenses for the last two years, although the chamber had agreed to pay the actual expenses of the Committee.

It has happened that on several occasions that our interests as a community were seriously threatened in such a way as to demand the immediate presence of one or more members of our committee and it has fallen to the lot of the chairman to make most of the trips, and the time and expense have been his loss. It often occurred that information was obtained by the committee from such a source that it would have been a betrayal of confidence and defeated all our plans to speak of it; hence many questions have been asked that have not been answered by the Committee and some men have been offended by reason thereof. The Committee feels that it has done its whole duty towards the Chamber and this community and congratulates the Chamber and the whole community on the prosperity, good feeling and hopeful outlook that this Committee predicted in its report one year ago. We have only to work together for the next ten years as we have for the past three years and we will have a city of more than 25,000 people.

Respectfully submitted, Committee on Internal Improvements.

Geo. H. HINSHAW, Ch'm.

The business men of New York had a monster procession on Saturday last, over 15,000 voters were in line, and 100,000 spectators. Secretary Fairchild and Speaker Carlisle made ringing speeches. It was a great day for the York Democrats. Resolutions were passed endorsing Cleveland's administration, and pledging their support of the National Democratic ticket. They favor the reduction of the surplus revenue by a judicious reduction of the tariff, and that the necessities of life be furnished at a less cost to our people, and new markets opened to our manufacturers.

The last resolution is as follows: RESOLVED, That it is the firm judgment of the Cleveland and Thurman Business Men's Club that the best interests of the country require the reelection of President Cleveland to the Chief Magistracy of the nation, and to accomplish that end they pledge themselves to use their best efforts for the triumph success of the ticket headed by Grover Cleveland and Allen G. Thurman.

Newark, N. J., has given a Democratic majority in her municipal elections, for the first time in many years. It is the largest manufacturing city in the State and will have a favorable influence for the Democrats throughout the State.

Terrible Railroad Accident.

On the night of the 10th instant a fearful accident occurred on the Lehigh Valley Railroad, at Mud Run, a watering station between Wilkesbarre and Hazleton. The third section of the train was standing on the track, waiting for sections ahead to get out of the way. A brakeman, so they say, was sent back with a lantern to guard the train in the rear. Suddenly they saw a train approaching at a high rate of speed. Several on the platform escaped by jumping off. One young woman sprang, but returned to save two children in her care, and lost her life. In an instant the flash of the headlight of the train illuminated the interior of the car. There was a fearful crash and the engine plunged her full length into the crowded mass of humanity. Shrieks of terror were heard on every side, and the scolding steam added to the horror. There were near 5000 excursionists on the several sections of the train. Among the incidents the following is one of the many.

A young lady was found caught by the lower limbs. One of them was quickly released, but the other could not be freed, and an unfortunate misdirected blow of an axle severed it from the body. She heroically bore her torture, and taking out her gold watch she handed it to an acquaintance as a gift to a friend at home; she was put on board one of the trains and given all possible care, but she could not survive her terrible injuries, and died in the arms of friends on the train.

The latest reports place the number of killed at over sixty, and more will probably die. The injured are over one hundred. Funeral services were held over 27 of the corpses at the same time on the 12th instant.

—The price of wheat in Chicago has materially declined.

—It is often asked when is the best time to order Fruit Trees or Vines or Plants. No better time than now, to be delivered and planted the first of November. The proprietor of the Cedar Cove Nurseries offer special inducements to planters on all sorts of fruits and stock of the finest quality, guaranteed to give satisfaction. Address N. W. CRAFT, Shore, Yadkin Co., N. C. Or order of his licensed Agents. Aug. 30—tf.

For Whom and on What We shall Vote.

On the Tuesday next after the first Monday in November the people of North Carolina will vote for President of the United States; State executive officers; three Associate Justices of the Supreme Court; Representatives in Congress; county officers, except clerks of the Superior Courts; constables; and on an amendment to the Constitution increasing the number of Supreme Court Judges to five. There are to be seven ballot boxes, into which the ballots will be deposited as follows:

1. Eleven Electors of President and Vice President.

2. Governor, Lieutenant Governor, Secretary of State, Auditor, Treasurer, Attorney General and Superintendent of Public Instruction.

3. Associate Justice of Supreme Court—to fill vacancy caused by death, and two Associate Justices Supreme Court to fill original vacancies.

4. Representative in the 51st Congress, in each of the nine Congressional districts.

5. Register of Deeds, Coroner, Treasurer, Surveyor and Sheriff, in each county.

6. Constable in each township.

7. Amendment to Constitution relative to the Supreme Court.

8. Members of the General Assembly.

The judicial ticket will distinguish between the candidate to fill the unexpired term of the late Associate Justice Aske and the two candidates to be commissioned Associate Justices only in the event of the ratification to be voted on at this election. The chairmen of the State committees of the two political parties will agree upon the formula for this distinction.

Administrator's Notice.

HAVING taken letters of Administration, according to law, on the estate of Henry E. Aske, deceased, I hereby give notice to all persons having claims against said estate, to present them to me, duly qualified, on or before the 1st day of October, 1889, otherwise this notice will be void in law of recovery. Persons owing the estate are requested to make immediate payment.

STAR BRAND WHEAT GUANO.

We again offer this reliable Wheat Manure to our farmers with every assurance that the high standard is fully maintained. Hundreds and thousands of farmers in this vicinity and all over the wheat growing section of the State have used this high grade

COMPLETE WHEAT MANURE

for years with satisfactory results as to crops and with beneficial results to the land. We are prepared to name and show a large number of farms in this county which, by the continuous use of the

Star Brand Wheat Guano.

following wheat crop with clover, have increased in productiveness and in value more than one hundred per cent. We caution farmers against using any fertilizer which is not within itself a

COMPLETE FERTILIZER.

A fertilizer which is wanting in any essential ingredient and that ingredient has to be, by chemical action, supplied by the soil in a greater proportion than the other essential ingredients are supplied unbalances the productiveness of the soil and by continuous use will literally ruin the land as was often done by the use of Peruvian Guano.

THE STAR BRAND WHEAT GUANO

is within itself a complete Wheat and Grass fertilizer and has no superior and but few if any equals. It is a well known fact that what is known as "Dry Mixed Fertilizer" will not give as good results as that which is known as "Wet Mixed Fertilizer." Messrs. Allison & Addison have their own ACID CHAMBERS and manufacture their own acid and the

STAR BRAND GUANO

is a wet mixed fertilizer. We make this explanation for the reason that we have occasionally had complaints about the STAR BRAND being too damp to drill with. What we sell this fall was made up in June and July, and we are assured that the mechanical condition is such that it will drill well. It will pay you to see us before you buy your wheat fertilizers this fall.

We also have a good stock of Red and Sapling Clover Seed, Timothy, Orchard Grass, Herds Grass and Kentucky Blue Grass Seed. Also Seed Wheat for sale.

Very Respectfully,

T. B. DOUTHIT, P. M.

The County canvass goes bravely on. Mr. Hauser, our candidate for the House in the next Legislature is doing yeoman's work, and gaining strength every day. He is a working man, and the farmers have now an opportunity to vote for a truly representative man. Let us give Mr. Hauser a rousing vote and a majority in November. The Democratic candidate for the Senate from Stokes and Forsyth, J. G. H. Mitchell is an experienced man, having held various offices in Stokes County. The Democrats should remember that a U. S. Senator is to be elected, and every voter should know the importance of one vote. It will require a long pull, a strong pull, and a pull altogether to win; but we can win with it.

Messrs. Morehead and Brower, candidates for Congress spoke in the Court-house on Thursday last, to a good audience. Mr. Morehead made a good impression and will get the hearty support of all the Democrats. We hope to give him a majority in this county.

THE Y. M. C. A.

The second meeting of the Young Men's Christian Association was held Sunday afternoon at the Baptist church.

The committee appointed to frame a constitution and by-laws recommended the adoption of the international constitution, which was done.

Prof. W. A. Blair was unanimously elected president of the Association, and we want to remark right here, parenthetically, that it was an eminently fit selection.

Messrs. E. A. Ebert and W. T. Spach, were chosen vice-presidents; Matt. Stockton, secretary; W. P. Pollard, treasurer, and W. J. Peterson, organist.

The Association has arranged with the Temperance Reform Club for the use of their hall and the next meeting of the Association will be held there on next Friday night.

Roanoke and Southern Railroad. The Danville Register of Wednesday last week says:

The executive committee of the board of directors of Roanoke and Southern Railway Company, also of Virginia and North Carolina Construction Company held meetings at the Hotel Normandie Tuesday.

Members of the board were present from Salem, Winston, Martinsville and Roanoke.

Business of importance looking to the early completion of the road from Winston-Salem to Martinsville was transacted. Among other things arrangements were completed for the immediate purchase of the iron for 17 miles of graded road between Salem and Walnut Cove, N. C., and also for the necessary rolling stock to hasten the further work of construction.

STOKES COUNTY.—At the recent Democratic Convention, the following candidates were nominated:

Senate—J. G. H. Mitchell. He is well known and popular, having held the office of Superior Court Clerk, Register of Deeds and member of the Legislature. House—James A. Leak. Sheriff—R. I. Dalton. Register of Deeds—John Y. Phillips. Surveyor—J. P. Covington. Coroner—J. H. Carroll.

CORRESPONDENCE. KERNERSVILLE LETTER. Messrs. Editors:—On Saturday, Sept. 29th, my good wife and myself took up our abode for the time being in the Friedland Parsonage. We carried our bedding along and had things fixed up quite comfortable, one object being, with brother Woosely's help, to hold a series of meetings during the coming week. On Sunday morning, when we sat down to breakfast it reminded us of the 19th of March 1846, 42 years ago, when we ate our first breakfast here, having moved the day before; and then, as now, we were alone without a child; now our children are grown, married, and some of their children will soon be grown. So too, the old neighbors have all passed away and their descendants fill the places they once filled.

The meetings were continued from Saturday till the next Friday; the attendance was good throughout, and quite a number professed conversion, and gave their names for membership here. The members too were greatly benefited, and the meetings proved an occasion of blessing to all. Brother Hall, from Friedland, spent part of two days with us and preached with great acceptance.

On the Saturday following, Oct. 6th, we broke up and left the old home possibly never to be occupied again by us in the same way.

Here, in Kernersville, our Episcopal Methodist brother continued a series of meetings for two weeks with good results, the Baptists and ourselves have yet to bring up the rear and there is still some material left.

Another terrible Railroad accident happened on the Lehigh Valley Railroad on the 16th. A construction train was run into by a fast freight, at Tamond siding near Lost Creek, on the Pottsville branch, killing seven Hungarians and injuring twenty six, including the brakeman of the freight train.

All persons are forbidden to hunt with gun, dog, net, or to trap any game on the lands of the undersigned under penalty of the law.

These lands adjoin the lands of David Shoaf, Noah Hine, Lewis and Reuben Wilson, John Hege, Pinck Snider, Mrs. Lottie Charles and others, situated near New Friendship church, in this county.

ADVICE TO MOTHERS. Mrs. Winstons's Sooting SLEEP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain, and the little cherub awakes as bright as a button. It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for all disorders, whether arising from teething or other causes. Twenty-five cents a bottle. Oct. 18, 1888—ly.

TAX NOTICE. The Corporation Tax Books are now made up. Persons liable for Taxes will please call on me and pay their Taxes without delay. The levy is 40 cents on the \$100, \$1.20 on the \$200, and \$2.00 on the \$300.

L. N. CLINARD, Collector. Salem, N. C., Oct. 10, 1888.

BINGHAM SCHOOL, with a wholesome Moral and Physical culture, a compulsory attendance, a thorough English, Latin, and Greek education, a reasonable but strict discipline, and a location entirely free from malaria. No time or money spent attending Agricultural Fairs. For catalogue address, Maj. R. BINGHAM, Bingham School, Orange Co., N. C. No. 27—4t.

NOTICE. HAVING qualified as Administrator of the late Daniel A. Bate, deceased, late of Forsyth county, N. C., this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 30th day of July, 1889, or this notice will be in full of their recovery.

All persons indebted to said estate will please make immediate payment. WM. M. REICH, Adm'r., of Daniel A. Bate. This 11th day of July, 1888—30—6w.

ATTENTION WHEAT GROWERS!

WE HAVE SECURED THE AGENCY FOR ROYSTER'S HIGH GRADE Acid Phosphate!

THE GREAT WHEAT FERTILIZER!

and call your attention to the following testimonials from men who have sold for a number of years, and men who have made it a point to test fertilizers on their farms:

Messrs. W. D. BAITY & SONS, Winston, N. C., Gentlemen: By request we write you in regard to the use of your "Royster's High Grade Acid Phosphate." We have been selling this article for three or four years, and find that it has made a great improvement in the quality of our wheat, and we highly recommend it to all farmers. Hoping you may be successful in these efforts, we are, Very Respectfully, BROWER & PICKETT.
